

# Production Deployment Summary

Date: November 7, 2025

Approved Purchase Requisition PDF Improvements

## ' Changes Deployed to Production

### 1. Backend Changes (LIVE)

File: backend/utils/pdfGenerator.js

Changes Made:

- Removed top address section
- Centered company logo at top
- Centered "APPROVED PURCHASE REQUISITION" title below logo
- Fixed all overlapping text and borders
- Improved spacing throughout document
- Added logic to use recommended\_amount from adjudications
- Enhanced table with blue header background
- Properly aligned all numbers and text

Status: ACTIVE - Changes are live immediately

### 2. Frontend Changes (REQUIRES BROWSER REFRESH)

Files: frontend/app.js, frontend/utils/pdfDownload.js (NEW)

Changes Made:

- Added downloadApprovedPDF() function in ApproveRequisition component
- Added "Download Approved PR" button for approved/completed requisitions
- Button includes download icon and proper styling
- Created reusable pdfDownload.js utility with canGeneratePDF() helper

Status: DEPLOYED - Users need to refresh browser (Ctrl+F5)

## Ø=ÜË Testing Checklist

### Backend PDF Generation:

- & Logo centered at top
- & "APPROVED PURCHASE REQUISITION" centered below logo
- & No address at top
- & Two boxes properly spaced
- & Vendor name displays correctly
- & Pricing data accurate (Unit Price, Amount, Subtotal, VAT, Grand Total)
- & No overlapping text or borders
- & All sections properly aligned

### Frontend Download Button:

- & Button appears in requisition detail view for approved requisitions
- & Button doesn't appear for pending/draft requisitions
- & Clicking button downloads PDF with correct filename
- & Downloaded PDF has all correct data and formatting

## Ø=ÜY User Instructions

### For End Users:

1. Refresh your browser: Press Ctrl + F5 to clear cache
2. Navigate to an approved requisition
3. Click "Download Approved PR" button
4. PDF will download with the new format

### What Users Will See:

- Centered KSB logo at the top
- "APPROVED PURCHASE REQUISITION" centered below logo
- Clean, professional layout
- Accurate vendor information
- Correct pricing and totals
